

UMPESL & ERBATECH Collaborate to Strengthen Business in India

India, 30th April, 2025: Universal MEP Projects & Engineering Services Limited (UMPESL), a 100% wholly owned subsidiary of Voltas Limited, has joined hands with M/s Erbatech GmbH, Germany to deliver high-end solutions for wet finishing of woven fabrics to the textile industry in India.

Commenting on the partnership, **Mr Pradip Roy, Head – Textile Machinery Division, UMPESL** said, “The collaboration is set to expand both UMPESL and Erbatech’s presence in India’s growing textile industry. It will enhance UMPESL’s product portfolio and solidify its position as a market leader by providing customers with comprehensive, state-of-the art manufacturing solutions.”

Mr Klaus Bergmann, Head of Sales of M/s Erbatech GmbH expressed his pleasure of partnering with UMPESL as the company has a long-standing track record in industrial machinery in the Indian market and is one of the world's leading textile industries. He added, “Through this partnership, Erbatech looks forward to provide high-end solutions for wet finishing for woven fabrics incorporating its latest technologies to our customers in India.”

About Universal MEP Projects & Engineering Services Limited (UMPESL):

Universal MEP Projects & Engineering Services Limited (UMPESL) is a 100% wholly-owned subsidiary of Voltas Ltd. On 1st August 2022, Voltas Ltd consummated the Business Transfer Agreement (BTA) with its wholly owned subsidiary, UMPESL for the transfer of its domestic projects business relating to mechanical, electrical and plumbing (MEP)/ heating, ventilation and air-conditioning (HVAC) and water projects, mining and construction equipment (M&CE) business and Textile Machinery Division (TMD) business to UMPESL.

UMPESL specialises in customized textile solutions - their expertise lies in providing the ideal combination of equipment and ancillaries. UMPESL enjoys a dominant position in the textile industry today due to its excellent understanding of customer requirements. This has resulted in the unwavering faith of its customers for over seven decades and today UMPESL is India’s most preferred supplier of Textile Machinery and Solutions in India.

About Erbatech GmbH:

Erbatech GmbH, based in Erbach, Germany, specializes in developing, designing, and manufacturing high-end solutions for wet finishing of knitted and woven fabrics. With over five decades of expertise, the Company has become the market leader in solutions tailored for high-end dyers and finishers across the globe.
