UMPESL and InfraDeep Consortium Poland Forge Strategic Partnership at IME 2025 (International Mining Exhibition)

Kolkata, October 31, 2025: Universal MEP Projects & Engineering Services Limited (UMPESL), a wholly owned subsidiary of Voltas Limited, a TATA Enterprise, has signed a strategic Memorandum of Understanding (MoU) with InfraDeep Consortium, Poland at the International Mining Exhibition 2025 (IME 2025) in Kolkata. Through technology transfer, joint projects, and solution development, this partnership aims to advance India's underground mining capabilities, with a special emphasis on safety and sustainability.

This strategic MoU marks a significant step forward for UMPESL in its mission to bring global innovation to India's underground mining sector. The collaboration is well-aligned with the Government of India's recent policy reforms to promote sustainable underground coal mining. These include reduced revenue share, waived upfront payments, and performance security rebates, encouraging private investment and adoption of advanced technologies.

"UMPESL is proud to lead this collaboration in India with InfraDeep Consortium, Poland. Their global experience in advanced mining technologies aligns perfectly with our mission to transform underground mining operations in India," said **Mr. Sharad Thussu, Head – Mining & Construction Equipment, UMPESL** on the sidelines of MOU signing off ceremony with Polish Consortium at IME 2025.

"This strategic collaboration with InfraDeep Consortium, Poland reflects our unwavering commitment to engineering excellence and global integration. By combining European technological prowess with India's dynamic mining landscape, we are setting the stage for transformative underground mining solutions that are smart, safe, and sustainable," said **Mr. Mukundan Menon C P, Managing Director, Voltas Limited**

This alliance strengthens seven decades of UMPESL's position in Mining machinery & Heavy Engineering solutions across India, reinforcing its role as a catalyst for international cooperation, technology adaptation, and skill upgradation in India's mining and infrastructure domain.

About Universal MEP Projects & Engineering Services Limited (UMPESL):

Universal MEP Projects & Engineering Services Limited (UMPESL) is a wholly owned subsidiary of Voltas Ltd. On 1st August 2022, Voltas Ltd consummated the Business Transfer Agreement (BTA) with its wholly owned subsidiary, UMPESL for the transfer of its domestic projects business relating to mechanical, electrical and plumbing (MEP)/ heating, ventilation

and air-conditioning (HVAC) and water projects, mining and construction equipment (M&CE) business and textile machinery division business to UMPESL.
